

**Request for Proposals  
30th Anniversary of AmeriCorps and  
Alumni Engagement**

**Overview**

America's Service Commissions (ASC) is the national association of the 52 governor-appointed state and territorial service commissions. Combined, state service commissions administer 75% of the nation's AmeriCorps State and National funding in addition to promoting national service and volunteering in their respective states. The mission of ASC is to lead and elevate the state service network.

ASC is seeking a provider to facilitate a cohort of state service commissions to create state-based plans for the 30th anniversary of AmeriCorps and alumni engagement implementation strategies for their specific commissions.

**Service to be Provided**

The selected provider will lead and support a cohort of approximately six state service commissions through a live web-based cohort. The provider will support the cohort in creating outreach materials to help identify AmeriCorps alumni in their state/territory to start or expand an existing database for the commission. One of the focuses of the outreach could be to identify alums to feature throughout the upcoming 30th anniversary of AmeriCorps and to identify strategies for celebrating the 30th anniversary.

The provider should have a background and experience in training and coaching on topics related to AmeriCorps member and alumni engagement, outreach strategies, experience delivering web-based trainings, excellent customer service, communication skills, and the ability to work independently.

The provider may propose utilizing their own webinar technology or request ASC to facilitate webinar technology using the Zoom platform.
