

June 23, 2025

The Honorable Robert Aderholt  
Chair  
House Appropriations Subcommittee on  
Labor, HHS, Education  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Subcommittee on  
Labor, HHS, Education  
Washington, DC 20515

The Honorable Shelley Moore Capito  
Chair  
Senate Appropriations Subcommittee on  
Labor, HHS, Education  
Washington, D.C. 20510

The Honorable Tammy Baldwin  
Ranking Member  
Senate Appropriations Subcommittee on  
Labor, HHS, Education  
Washington, D.C. 20510

Dear Chairs Aderholt and Capito, and Ranking Members DeLauro and Baldwin:

As bipartisan, governor-appointed State and Territorial Service Commissioners, we join to demonstrate our support for national service and members serving in our communities which you represent in Congress. **We ask for support for the Corporation for National and Community Service (CNCS) and its programs AmeriCorps State & National, AmeriCorps Seniors, VISTA, and the Volunteer Generation Fund as well as our State Service Commissions.** We are deeply concerned about negative impacts to our states ability to address unmet needs in our communities with recent grant and member terminations.

As Commissioners, we help determine the needs of our states, award grants and set priorities for local AmeriCorps programs, and provide governors with unique solutions to meet our state and local needs. **We have a strong pulse on the priorities in our communities and know national service and volunteers have a significant impact through our public-private partnership which leverages significant private and local funds and as much as \$34 ROI for every federal dollar invested.**

On behalf of all the local organizations we support and our state service commissions, we extend our **appreciation for bipartisan support for AmeriCorps in FY25 which included level-funding from FY24.** We are especially thankful for continued support for the Commission Investment Fund (CIF) and State Commission Support grants which help commissions provide grantee oversight, technical assistance, and develop new programming in our rural and underserved communities in every state.

Therefore, **in FY26 we ask you to maintain our national service capacity and number of members who can serve by funding CNCS and the programs they manage at the same level as the bipartisan FY25 Senate Appropriations Committee bill S.4942.** This amount would reverse cuts to the number of members projected for FY25 and enable local organizations in your communities to enroll AmeriCorps and AmeriCorps Seniors members at

the same level as in FY24, directly benefiting the members and communities in your states and districts.

We ask for ongoing support for State and Territorial Service Commission capacity through the **Commission Investment Fund (CIF) in Explanatory Text at the same amount as FY24 and \$19.5 million for Commission Support Grants (CSG)**. Commissions use this funding to provide oversight and outreach to local organizations, which will be critical if the AmeriCorps agency's capacity is impacted. It is also critical at this time to invest in states and local organization's volunteer capacity through **\$30 million for the Volunteer Generation Fund (VGF)** which would enable all states to receive formula funding as intended in law and prioritize CNCS' ongoing modernization reforms.

For decades, national and community service has proven to be a cost-effective investment that creates jobs, solves pressing local problems, and strengthens local communities. Each year, around 50,000 AmeriCorps members and 130,000 AmeriCorps Seniors volunteers are serving in communities to help address the opioid epidemic, mentor struggling students, provide job training, support veterans and military families, and provide disaster relief and recovery efforts and much more. **With cuts to the number of members in FY25 and \$400 million in grant terminations of FY24-funded programs, now more than ever we must commit support to bipartisan low-cost, high return on investment, programs that also leverage significant local and private dollars.**

If the states and territories can be of assistance during the FY 2026 appropriations process, or if you would like to visit or connect with a local service program in your state, please contact us through our national association, America's Service Commissions (ASC), who can be reached to answer any questions you may have at [policy@statecommissions.org](mailto:policy@statecommissions.org). **Thank you for your ongoing support of national and community service and your continued service to America.**

Sincerely,

## AMERICA'S STATE AND TERRITORIAL SERVICE COMMISSIONERS
